# HERBST BROTHERS

ESTABLISHED 1876

95 FRONT STREET

NEW YORK

In handing you a list of nursery stock for which we have inquiries and which we are offering for sale, we again request your co-operation. Please indicate when inquiring or offering, the common and botanical names of goods and their age, size and other details enhancing their value. Communications lacking details must naturally await special attention. For your convenience, we have adopted, as far as possible, the "Standardized Plant Names" and all offers herewith are based on the Horticultural Standards adopted by the American Association of Nurserymen, June 1923.

Our quotations are intended solely for the Nursery Trade, and business from others will not be accepted.

The prices are f.o.b. growers station, packing extra, usual terms. Only where "B. & B." is indicated, is the cost of packing included.

We shall be glad to receive your orders for submission to and acceptance by the growers of the stock offered.

It has been possible to list here only the most common varieties, if you have other needs, we welcome your inquiries.
